

**The Chartered
Institute of Logistics
and Transport**

Keeping you moving

We are CILT(UK)

The Chartered Institute of Logistics and Transport (CILT) is the chartered body for professionals involved in the movement of goods and people and their associated supply chains.

Our Vision

A transport, logistics, operations and supply chain profession recognised and celebrated for its quality, expertise and value

**Collaborate and
build strong
and beneficial
relationships.**

Encourage and support members to take on leadership roles in sustainability within their organisations and communities.

Engage with industry stakeholders to advocate for sustainable practices and the adoption of net zero policies and through our forums build networks and communities of practice

**Shape and deliver
professional
products and
service.**

Sustainability and net zero principles integrated into the education and training programs offered to professionals.

CPD courses focused on the latest sustainability practices, technologies, and regulation

**Amplify and
share impact
and insight.**

Develop and promote policy recommendations to governments and regulatory bodies and work closely with them to establish standards across supply chain, logistics and transport operations that support the transition to net zero.
